

Vaisala HMM213 RH & T/Td module for environmental chambers

Output quantities:	Relative humidity (%), temperature (°C/°F), dewpoint temperature (°C/°F)
Operating voltage:	DC 10 - 35 V, AC 9 - 24 V AC supply possible only without warming or re-gaining option
Serial connection:	RS232
Screw terminals:	0.5...1.5 mm ² wires

Wiring diagram

The HMM213 module is connected to a process control system with screw terminals.
